Google

Staff System Administrator *2024 - Present*

- Lead IT Infrastructure Programs:
  - Fitbit (Corp and Manufacturing)
  - Google Hardware Manufacturing
  - Boomi Integration Platform

Senior System Administrator *2022 - 2024*

- Access Operations role, delivering audit-cited, code-based IAM standards and patterns, including heuristic/ML process to handle org changes at Google scale. Protected MBD/PII.
- Supported team/service implementations across org.
- Served on a governance committee reviewing launches.

Systems Administrator *2021 - 2022*

- Tech lead in Corp IT, advocating for business, user, compliance, security, and M&A integration goals.
- Maintained internal Chrome extension and access patterns to provide secure continuity services and auth scenarios.
- Configured SSO-enabled web and SSH tunnels for KBR (SAP, Atlassian, et al) enabling BeyondCorp, Google IDP migrations.

Fitbit

Systems Administrator *2017 - 2021*

- Operated on-prem Corp IT HCI (Cisco UCS) via VMware, cloud migrations (GCP, legacy AWS). AD/IAM w/SSO. Managed 15+ SaaS and on-prem apps.
- Modernized endpoint and server management and monitoring. Established enterprise security practice.
- Migrated Bitbucket IAM model from Jira/Stash to AD.

CDM Smith

Systems Administrator *2008 - 2017*

- Deployed engineering software, configuration, OS upgrades and updates to 5000+ users, workstations.
- Architected and operated global software infrastructure - SCCM, Flexera, Bentley ProjectWise, NorthPlains, et al.
- Developed reporting for software/hardware lifecycle, utilization, and availability. Drastically improved costs and compliance.

EDUCATION

Bachelors of Computer Science
University of Massachusetts/Amherst

INFRASTRUCTURE

Windows Workstation/Server
Debian/Ubuntu Linux, CentOS/RHEL.
Docker/LXC and K8s/GKE/EKS
Salt/Puppet, JAMF/SCCM

IAC and MONITORING

PowerCLI, gcloud, Terraform
CheckMK/Nagios, Netbox

IDENTITY and ACCESS

IAM, RBAC/ABAC
Active Directory/LDAP/Kerb5
SSO: OAuth2/SAML SSO
Workday, ActiveRoles Server

APPLICATIONS

Boomi Middleware
Atlassian Bitbucket, Jira, Confluence
Google Workspace/GAM
Office 365/Azure AD

SECURITY and COMPLIANCE

ISC2 CC Cert (CISSP Trainee)
Microsoft ADCS CA/PKI. HSMs
AD hardening/CIS benchmarks
Crowdstrike, Nessus, Splunk
HITRUST, PCI, SOC2, SOX audits

DEVELOPMENT

PowerShell, Bash, Python
SQL, JavaScript

INTERESTS

Homelab, Self-hosting.
Debugging, Reverse engineering.
Modular Synthesis, Meditation, Nature.
